## **A Boy Freaking Out**

Oh pretty boy  
Be a good good boy  
Show us what you've learnt and where you really stand  
They told me that - you're different  
It's a talent  
One day you will be a successful man

*(Won't you go down? What's wrong with you? Oh so special!  
Won't you go down? What's wrong with you?)*

**Don't be mad but I can't bring back your youth  
I'm scared I'm scared I'm scared of you  
When you talk you are a stranger to my eyes  
It makes me realize...**

Oh my pretty boy  
What's happening to you?  
You can't simply put those things the other way  
Oh you naughty boy  
Don't use that language with me  
Let's see what the - doctor might say!!!

*(Won't you go down? What's wrong with you? Oh so special!  
Won't you go down? What's wrong with you? Oh so special!)*

**Don't be mad but I can't bring back your youth  
I'm scared I'm scared I'm scared of you  
When you talk you are a stranger to my eyes  
It makes me realize I'm freaking out**
